

Your global sourcing partner

Our Specialties:

- ◆ IT and Telecom Staff Sourcing and Employee Leasing.
- ◆ Wireless Cellular, Radio and Fiber Optics Systems, Network and Node Site Installation, Commissioning, Integration, Testing and Troubleshooting.
- ◆ Switch and Transmission Network Engineering, Planning, Design, Operations & Maintenance.

Datalogix has win-win solutions to high-tech staffing problems.

Organizational Strengths:

- ◆ 15-year successful history of partnering with Fortune 500 companies in the field of IT/Telecom professional staff sourcing. Clients have included IBM, EDS, CSC, Hogan, AT&T, Cingular, Continuum, EXI, TNS, BCI and T-Mobile Wireless.
- ◆ Extensive international network of high-tech resources
- ◆ Led by highly-respected Texas-based Filipino-American business leaders and technology publishers with strong clout in both countries as former Philippine Consul General and currently President of the Philippine-American Chamber of Commerce. The past U.S. President served on their Honorary Advisory Board for six years when he was governor of Texas, along with top Fortune 100 CEOs. As a member of the President's Advisory Council on Asian Affairs, Datalogix's CEO recently led a Texas delegation of Filipino-Americans who joined the President on his recent state visit to the Philippines.

ATTENTION ENGINEERS:

We will need 100+ wireless and broadband engineers for large 2G, 3G and 4G LTE and Broadband/OSP projects in the U.S. and overseas.

We offer extremely competitive rates, bonuses and profit sharing.

We sponsor H1B, TN and green card visas for the right candidates.
